I live in a beautiful village Bachanowo in the Suwalki Landscape Park. My parents, Claudia and Thomas Notter, came here 22 years ago and they started to run an organic farm. They don't use fertilizers and they live in harmony with nature. The farm isn't big- 18ha. There are 3 cows, 10 goats, 25 chickens, two crazy dogs and some cats. From the milk my parents make a kind of mozzarella,

swiss cheese, cottage cheese from goat milk and delicious yogurt. My mum has two gardens and in both of them she cultivates a lot of vegetables and flowers. My parents also cultivate spelt*- an old kind of wheat. Unfortunately, we have too many rocks on the fields. Every year, in spring, and autumn we have to pick them up.
